FOUR DECIDED FIRST CHOICES WON IN HOLLOW STYLE YESTERDAY.

The Ethn Filly and Alcolde Furnished the Burprises.- Metuchen, Fidello, Banquet. and Red Banner Pounds Better than Their Opponents-The Selling Race Furatshed the Only Real Struggle of the Day.

Another crowd of goodly proportions went to the Elizabeth course yesterday afternoon to see six races decided over a track that was lumpy and slow. The races were exceedingly poor for speculation, the favorites in four of them being of the most pronounced type. The other two contests went to outsiders, the Etha filly winning the two-year-old race, while Alcalde landed the selling purse at six fur-longs, that came third on the card. The weather was warm and springlike, in marked contrast with Monday, and the throng enjoyed

The sport began with a dash at half a mile for two-year-old fillies, for which five young-sters cantered to the post. The Ruppert filly Clementina was a pronounced favorite, but she spoiled her chances by acting badly and refusing to break at the post. When the flag fell she moved away slowly and awkwardly. and by the time Thompson got her running the Billet Doux and Silver Thread filles were far in the front. In the homest steh McDer-mott took the lead with the Etha filly and won very eleverly by a length. Clementina came with a great rush in the stretch and beat the Bilver Thread filly a neck for second money.

Metuchen was deservedly favorite for the

second race at five and a half furlongs, and, after waiting on Count and Long Beach for half a mile, the brother to Reporter went to the front and won in a romp. Count beat Long Beach easily for place, honosr. The time, 1:11, shows that Metuchen is a colt of more than ordinary merit, and he will go to Chicago with Don Alonzo for the American Kirkover was the choice of the knowing ones

for the third race, a scramble at six furlongs, but Uncle Sim, Hoey, Madrid, Alcalde, and but Uncle Sim, Hoey, Madrid, Alcaide, and Mary S, all had a big following. When the flag went down Mary S, Hoey, and Alcaide set out to make the pace. Around the upper turn Madrid and Kirkover were last, but, when straightened out for home, they went up very rapidly, and white were living in the last hundred yards. In a desperate finish Alcaide, dadrid, Hoey, and Kirkover passed the post beads apart in the order named. Had McDermott kept on the rail he would have won with the invorte.

Fidelio was pounds better than his two opposents for the fourth race, and he galloped in frort all the way, winning hands down. Daisyrian and Long Bounce an lapped from start to finish, and in the stretch they bumped together at aimost every stride. Long Bounce managed to get his nose in front at the end, and got second money by a whisker. Dorsey and Griffin exchanged compliments during the race, and nothing but fear of being ruled off kept them from using their whips on each other.

off kept them from using their whips on each other.

The speculation on the fifth race was limited, and was conducted almost entirely with Banquet out, the Dwyer gelding being quoted at prohibitive odds. Bolero was considered an airtight for second money, and Daip had overybody he knew down on the \$35,000 countariet. Strathmaid ran Bolero into the ground in the first half mile, and looked like a winner at the head of the stretch. But Lambley was biding his time with Banquet, and when he got ready to make his effort the little gelding went to the front with a ruch and won cleverly. Bolero was an indifferent third, while Larghetto was last from start to finish. Hed Banner was heavily supported to win the concluding race at six furiongs, and Mr. Croker had the pleasure of seeing his \$15,000 dily play with Lizzle and Johnetta at the finish, Lambley waiting with the daughter of frequois until a furiong from home. Lizzle was second and Johnetta a bad last, Hed Banner's superb action was commented upon. She is thin and weedy-looking as a result of her slekness last winter, but she is doing well now and should improve steadily if not given too much racing.

LOUISVILLE, May 2.-Fred Barton, night clerk at the Victoria Hotel; William Willard, an employee of the Citizens' Electric Light Company; Ed Cameron, a Western Union lineman: B. Richardson, a telegraph operator. man: B. Richardson, a telegraph operator, and W. W. Snyder, whose occupation is not stated, are in iail, charged with "interfering with and obstructing the service of a telegraph company." which is a felony according to the laws of Kentucky.

These men were arreated after midnight last night by the detective force, iled by Major Owens, the capture being the result of several days work on the part of the officers, who believe that the prisoners were engaged in "wire tapping."

lieve that the prisoners were engaged in "wire tapping."
Soveral days ago Chief of Detective Owens received information that the local pool rooms were being made the victims of a gang of wire tappers for large amounts of money. It was learned the wires were tapped near Brooks station on the L. and N., the line over which the reports of the races at Nashville and Lexington are sent. This led to the arrest of the persons named above.

Linden May Get a License.

ELIZABETH. May 2.-The owners of the Linden race track are hopeful of getting a liconse, as it is rumored nearly all of the Town Committeemen who are opposed to licensing the track will resign. One of them, William H. Peddle, a division superintendent of the New Jersey Central Railroad, and who headed the Citizens' Anti-race track ticket at the late election for Town Committeeman, resigned last night without giving any reason for doing so. There is a report in circulation that he was "called down" by the Central Company, which doesn't want the idea conveyed that they are fighting the Pennsylvania Company, the latter being anxious to have Linden Park licensed on account of the large revenue they would derive from conveying people there, the same as the Central now does from the New Jerney Jockey Club track. Committeemen who are opposed to licensing

No Danger of Race Track Indicts ELIZABETH, N. J., May 2.-No mention of the race tracks was made to-day by Judge Van Syckel in his charge to the Union county Grand Jury at the opening of the May term. and the race track men were correspondingly elated. No race track indictments would be found by the Grand Jury anyhow, for if the managers of the track had the picking of the jury they could not have selected one more to their liking. Out of the twenty-three members on it eighteen are strongly in favor of the race track, and among the five others is Assemblyman Tom Lane, leader of the fight against the race track bills in the last Legislature, but now powerless to do the track men any harm in his rôle as a Grand Juror, and the race track men were correspondingly

NEW YORK AGAIN A WINNER.

BALTIMORE DEFRATED IN A RATHER INTERESTING GAME.

Ruste's Fine Condition and Excellent Work In the Box-Boston Gets a Hard Thrashing at Philadelphia and Brooklyn Secure Revenge on the Senators-Cleveland, Chicago, and St. Louis the Other Winners Those enthusiasts who feared that the Bos-

tons would run off with the pennant in a can er must feel reassured by the reports from the South. Following the lambasting received by the champions in this city, they yesterday encountered a severe setback in Philadelphia If that sort of thing continues the Bostons will not feel safe at any point on the League cir-cuit. In view of the fact that the present campaign will be a continuous one from new unti September, there can be no question that many changes in position will take place: but at the same time a good start is not to be despised, and the New Yorks are getting up around the summit of the list with gratifying rapidity. Cleveland has yet to lose a game, a familiar sort of war. The Senators, by dint of ability to hit the

ball, have made considerable progress. It remains to be seen whether they can maintain a steady gait. The disposition on the part of St. Louis and Washington to crowd the firstclass teams of the League cannot but make the race an interesting one. Yesterday's games resulted: New York, 8; Rairimore, 1.

Brooklyn, 9; Washington, 1. Philadelphia, 13; Boston, 7. Chicago, 6; Pittsburgh, 3. Cleveland, 8; Cincinnati, 2. St. Louis, 6; Louisville, 4

NEW YORK, 5: BALTIMORE, 1. In view of the fact that McMahon and Robinson. Baltimore's star battery, were to oppose pectation of a close game, and even some ap-

game was, comparatively speaking, a close of winning. The New Yorks appeared to hold the screws. Seldom has the big Indianian shown such fine form so early in the season. He has all the terrific speed for which he is noted, perfect command of the ball, and seems to have got his wind in such condition that base running does not distress him in the least. It is probable that the increased distance makes a difference of a couple of hits per game in Rusie's case. In his present form, and pitching at fifty-five feet, opposing teams would make about five or six hits a game off his delivery. The Bosnine. In neither case, however, did the batsmen succeed in bunching their hits.

Russe's splendid condition is full of signifi-

tons made seven hits and the Baltimores got nine. In neither case, however, did the batsmen succeed in bunching their hits.

Rusie's spiendid condition is full of significance to those who hope to see the New Yorks capture the pennant, and he is entitled to the hearty good will of the cranks for the way in which he has started the season. His pitching yesterday was one of the features of the game, and there was frequent applause as the sweeping curves sent in by his powerful arm flashed over the plate, elusive of the vicious assanuits of Baltimorean bats. Jack Doyle's work behind the bat was additional proof of the correctness of Ward's assertion that New York is well supplied with catchers. A quiek active young fellow, he appears to be upto the mark in every department of back stop work. The New Yorks show improved team work will the ball and the way frame and down war will the ball and the way from the ball was a point being missed. Their work was thoroughly appreciated by the 2.550 spectators drawn out by the pleasant weather. The Baltimores do not put much ginger into their work, and they could greatly improve their play by putting seme life into if.

Umpire Gamey was not is evidence when 4 o'clock came around, and after waiting five minutes it was decided to adopt the double umpire system. Medahon, the New York seemed to be of the opinion that an early start in the matter of run getting was desirable. Therefore Burke opened the proceedings with a sharp liner to left for a base. He followed the bill will be a seen the field and back stop. The New Yorks seemed the picker and Connor sent a low liner toward centre. The ball was in a hurry, and the umpire was unable to change his position in the field quickly enough to avoid the plying sphere. It collided with his win and glanced into the second baseman's hands. According to rule. Connor cot a base hit and the and ward wore safe. George Davis then came along with his customary three-baser, sending ward and Connor to the plate. Burke and Tiernan were relified.

BALTHORE, May 2—Three weeks ago the Yale Law School and Johns Hopkins played aftic game. To-day this was played of and resulted in a victory for Yale. The collegeans made all their runs in one inning, thanks to Stocksdale's generosity in giving a base on balls and hitting another batsman. Then followed several errors and as many hits, which attogether yielded five runs. Hopkins, too, scored only in one inning on several bases on balls, a hit, and an error. With the unprecedented success of Johann Hoff's Malt Extract, it was naturally to be expected that imitations would soon follow, Johann Hoff accepts this as the best compliment which could be paid to him, as only persons and things of sterling value are copied by the third and fourth rate aspirants to fame and distinction. Envy is at the bottom of all social and commercial animosity.

The public is therefore warned against substitutes and worthless imitations sold under similar names, or under the name of "Hoff's Extract."
